Continuation of 5. does NOT place the application in condition for allowance because: claims 1-3 and 12-15 remain objected because they, still recite unelected subject matter (SEQ ID NOS).

The Examiner notes that applicants' arguments regarding the traverse of the restriction requirement and election of species were addressed in the Office action of 6/28/2002, Paper No. 19. The restriction requirement was made FINAL. The Examiner also notes that applicants have acknowledged that upon allowance of a generic claim, they would be entitled to consideration of claims to additional species written in a dependent form, however, no generic claim has been found to be allowable.

Applicants are advised that, after restriction requirement has been made FINAL, it is no longer arguable. Applicants may either cancel the non-elected subject matter or petition under 37 CFR 1.1444.
